### ACTIVITY 3

# KEEP THE TOILET HORRORS AWAY!

Draw lines to connect the toilet monsters to the right action that will keep them away.

If there are stains on the toilet seat, no one would want to sit on it.

If there's litter on the floor, the toilet will look messy and dirty.

If the toilet bowl isn't flushed properly, it will look dirty and unwelcoming.

If water from our wet hands drip all over the floor, it becomes wet and slippery.
